## **WARRANTY**

- The polyester paint on the aluminium coil (excluding brushed varieties) will not peel off and the colour will exhibit no obvious change up to 10 years.
  - The polyester paint on the brushed aluminium coil varieties will not peel off and the colour will exhibit no obvious change up to 2 years.
  - If the above quality problem/s occur, the cost incurred will be covered by the supplier.
  - The warranty is not valid if the problems are caused by incorrect use of the painted aluminium coil.
  - The painted coils should be shipped and stored appropriately and used within 1 year.
1. Application of this quality guarantee:
    - a) The case that processing and installation are undertaken according to our related instructions.
    - b) The case that the aluminium coils are stored in the appropriate method and not damaged in the course of transportation, loading or unloading, storage and distributing.
    - c) The case that the coils are used complying with GB/T17748-1999 standard.
  2. Inapplicable cases of this guarantee:
    - a) The aluminium coils are exposed to an abnormal environment of smoke, sandstorm, water-logging or other calamity, radioactivity or harmful air and other chemicals.
    - b) The aluminium coils are damaged in an unsuitable environment where by they are subject to serious contamination, high salt and alkali, chemical fog and/or from being struck, misused or abused.
    - c) The aluminium coils are improperly cleaned, maintained, transported, installed or subject to other events out of our control.
  3. Prescription of inspection for acceptance:

Our customer shall inspect the aluminium coils for acceptance upon receipt and notify us of any problems if any within 15 days. We will respond to quality complaints within 5 days.

(This Quality Guarantee we issue is only for our aluminium coil itself  
and is not for any other explicit or implicit guarantee).
